Virginia Beach, VA 23466

Dear Delegate Greenhalgh,

On behalf of Human Coalition Action, I am honored to announce our endorsement of your candidacy for election. November's election is one of the most important in our lifetime, as so much is on the line for Virginians, pregnant mothers and their preborn children. Maintaining strong pro-life leadership is vital to protecting them.

Human Coalition Action is a national pro-life advocacy organization. Our mission is to solidify our victory over abortion by creating a culture of collaboration; providing policy expertise; and generating momentum from the grassroots to the government. We advocate to advance compassionate and holistic care for pregnant women facing challenges each year. Human Coalition Action's advocacy efforts are uniquely informed by vulnerable pregnant women and their preborn children, their experiences and challenges. We understand that supporting pro-life candidates in the 2023 election is the only way to pass meaningful pro-life policy reforms in Virginia.

You share our belief that every human life has extraordinary intrinsic value, and you have a clear understanding of the issues facing your great state. You realize the importance of hard work. You have also invested in your community by helping children and families. We believe your experience and career serving the vulnerable preborn are qualities very much needed. Pro-Life Virginians is confident that you will continue as a dedicated advocate for vulnerable children. We are pleased to offer our endorsement of your candidacy for election. Together, we can create a culture in which human life is valued and families flourish.

For Life,

Dean Neslon, Vice President of Government Relations

801 G St NW, Washington DC, 20001
